Extract from the Articles of Association

The Collecting Society for Visual Arts VG Bild-Kunst is a registered association by charter as defined by Art. 22 BGB [German Civil Code] and is based in Frankfurt am Main. It is charged with the administration of exploitation and licensing rights as well as the royalty claims of authors and holders of related rights in works that are protected under Art. 2 (1) Nos. 3 to 7, Art. 4 and Art. 72 of the German Copyright Act (UrhG). These rights and claims are assigned to VG Bild-Kunst by authors, holders of assigned rights, film producers and successors in title through the administration agreement (Art. 3). The activities of VG Bild-Kunst are not profit-oriented.

Content of the Website

The authors assume no guarantee whatsoever for the topicality, correctness, completeness or quality of the information provided. Liability claims against authors, relating to material or non-material damage caused by using or failing to use the information offered or by using incorrect and incomplete information, are generally excluded unless there is evidence of deliberate intent or gross negligence on the part of the authors. All offers are without obligation and non-binding. Data Protection Notice

Follow this [link](#) to our data protection provisions.

Cross-References and Links

In the case of direct or indirect references to third-party Internet sites that are beyond the sphere of responsibility of the authors, liability would only be incurred if the authors had knowledge of the contents and it was technically possible and reasonable to expect them to prevent usage in case of unlawful contents. The authors hereby explicitly declare that at the time when the links were inserted there were no recognisable illegal contents on the sites to be linked. The authors have no control over the current and future design, content or authorship of the linked/connected sites. They therefore hereby explicitly dissociate themselves from all contents of all linked/connected sites, which were modified after setting the links. This applies to all links and cross-references inserted within their own Internet site. Illegal, incorrect or incomplete contents and in particular any damage arising from using or failing to use any information presented in this way are solely the liability of the providers of the site, to which reference is made, and not of those parties merely referring to the respective publication by way of links.

Legal Validity of this Disclaimer

The disclaimer is to be regarded as part of the web offering, from which reference was made to this site. Where parts or individual phraseology of this text are not, no longer or not completely consistent with the prevailing legal situation, the content and validity of the rest of the document shall remain unaffected.
